

## **CRITERIA FOR MARCUS FOSTER SCHOLARSHIP EXTENDED AID**

**Submit your applications January 1<sup>st</sup> of each academic year for Federal aid, and (if attending school in California) State aid so that you will know whether your needs will be met. If your needs are not met:**

**YOU MAY BE ELIGIBLE FOR EXTENDED AID, AND WE ENCOURAGE YOU TO APPLY** *by submitting a letter to the Marcus Foster Committee explaining why you feel you are eligible and should be considered.*

**Marcus Foster Scholarship extended aid is meant to supplement the cost of your education when you or your family cannot meet those obligations after applying for Federal and State aid (when applicable) for the current academic year.**

**We do expect students to contribute toward their own education to the degree that they can, because studies have shown that those who do, value their education more than those who do not. However, there may be exceptions because of extenuating circumstances and the committee makes its determination based on the individual needs of each applicant on a case-by-case basis.**

**Marcus Foster Scholarship extended aid is based on financial need. If you meet the criteria as outlined, we encourage you to submit your application as soon as you can. Applications will not be acted on until all information is received.**
